### **CONGRATULATIONS**

- Our client liaison from one of our Louisville, KY accounts shared that “**Pam Eisenback** has really been a big part of our success last year. I primarily deal with orientation and various training activities throughout the organization. Pam has supported me in the 2014 Orientation efforts in many ways including that each new employee has a great 1<sup>st</sup> day experience. Pam has always been there to offer me help and takes the time to talk through ideas I have. She has helped me so much between moving materials between locations and dealing with training resources and I really appreciate the support she provides.”
- Xiaoyue Wang at one of our sites in Cleveland, OH expressed how much she appreciated **Nick Palermo** and the help he gave in locating an item she had misplaced while outdoors.

I greatly appreciate all his help with organizing the gift cards, checking to ensure they are in the correct order and marked properly, and getting this all completed to meet our deadlines. He has been such a HUGE help.”

You’re very flexible and I appreciate your willingness to help and many offers of assistance. Couldn’t have done all this work without you. You’ve been a true Lifesaver.”
